

Virtual Tutoring Through Your Back-Up Care Benefit

With the new challenges this past year has brought, like remote and hybrid learning, your child may need extra one-on-one help to get caught up and ongoing support throughout this school year. Great news! You can use your *Bright Horizons Back-Up Care*™ benefit to schedule time with an experienced tutor to help your 5-18-year-old with their academics. Watch a video to learn more: <http://bh.social/Tutoring>.

Benefit overview:

- Help in reading, math, science, social studies, and 300+ other subjects
- Targeted support with a math or reading expert who can identify areas of opportunity and help your child excel
- Each back-up care use can be exchanged for 4 hours of virtual tutoring

Just submit a tutoring request through the back-up care site and then schedule the days and times that work best for your family.
